Project Recipe:

1. Use Wintry 3D embossing folder twice to emboss a 4" X 5-1/4" layer of Soft Succulent CS.
2. Use Evening Evergreen Ink to stamp a sentiment on the right side of a 1-3/4" X 5-1/4" piece of Lights Aglow DSP. Adhere the layer to the embossed CS using Liquid Glue.
3. Adhere a strip of Gold & vanilla ribbon across the bottom edge of the DSP. Then take another piece of ribbon and tie a bow around the flat ribbon. Adhere the whole layer to a Thick Very Vanilla cardstock base (4-1/4" X 11", scored at 5-1/2").
4. Die cut a piece of Soft Succulent, using the 4th smallest Stylish Shapes circle. Then use the 3rd smallest circle and the snowflake from the Joyful Flurry dies to die cut a piece of Vanilla Glimmer cardstock. Use Mini Glue Dots to attach the two pieces together and then attach to the card front using Dimensionals.
5. Embellish with gold Festive Pearls.
6. If desired use Evening Evergreen Ink to stamp snowflakes inside the card and on the envelope.
