Project Recipe:

1. Emboss a 3-3/4" X 5-1/4" piece of Real Red CS using the Forever Plaid 3D EF. Then cut in half at 1-7/8". Glue these two piece to the front flaps of a card base, 5-1/2" X 8-1/2", scored at 2-1/8" and 6-3/8".
2. Glue a 3-3/4" X 5" piece of Basic White CS to the inside of the card base. Decorate with stamps or DSP if desired.
3. Use Smoky Slate Ink to stamp snowflakes all over a 2-1/2" X 2-1/2" square. Then adhere to a 2-3/4" X 2-3/4" Basic Black CS square. Attach this in a diamond shape onto the left front flap of the card using Dimensionals.
4. Use Memento Black Ink to stamp the reindeer and his harness onto a piece of basic White CS. Then colour using the Stampin' Blends. Die cut and attach to the card front using Dimensionals. Place the reindeer higher up on the square so a sentiment can go below.
5. Use Versamark to stamp the sentiment on a 1/2" X 4" piece of Real Red CS. Heat emboss using white embossing powder. Trim the ends. Then attach a 3/4" X 3-1/2" piece of Basic Beige CS (with flagged ends) to the back of the sentiment strip.
6. Tie a piece of Real Red & White Baker's Twine to the right side of the sentiment and make a small bow. Attach this sentiment to the card front using Dimensionals. Embellish with Real Red & White Adhesive-backed Peppermints.
